

# 實驗室安全情境模擬闖關活動

## Simulation Training of Laboratory Safety

為加強研究人員實驗室安全意識及緊急應變能力，我們將舉辦實境模擬體驗活動，讓大家可以了解如何選擇化學防護衣並且正確穿著，同時認識危險工作情境。

請實驗室主持人鼓勵學生和助理參加活動；學校教職員參加可獲得一小時職業安全衛生的教育訓練學習時數，歡迎大家共同參與。

To enhance laboratory safety awareness and emergency response capabilities, we will host a Laboratory Safety Event, all teachers and students are welcome to join and learn how to select chemical protective suits and wear them right while in dangerous situations.

Please encourage students and research assistants to attend the event. School staff will get 1 certification hour for Occupational Safety.
